Dr. Fowler
Brian and I have copies of the contracts. Nationals is paying for the buses.

Brian
You can leave the flight schedules in Seaton 164E or Tim's office in Ward. Thanks.

Eric

Hey,

The sample keychain has been cut. On monday I should get an estimate for all 500 (it'll take about a day to cut them all out). I'm not going to be able to be there Sunday night but, I'll see if I can get this keychain to Budke before then.

I talked to the Engineering Dean's office and the chance of us being able to take their TV/VCR units to the Holidome is pretty low. I still need at least 5 units (the holidome is giving us their 2). They said I could use foundation money to rent those, is that correct Dr. Fowler? I also need to find a "wollensac". Does anybody have a clue where to find this?

I'm working on getting a layout of the atrium, and Laura has made table and chair reservations for the luncheon. Is anybody taking care of the food aspect? If not I can help but, I just need to know what to get.

Take it easy,

Steve Nicholls

I spoke with Dean Rathbone about getting that copier in the Holiday Inn. He is going to make a few calls. He seemed to think that it wouldn't be a problem, though. He was going to ask the manager if we could have quick and easy access to the copier, and possibly the first 200 copies free. Anyway, he is going to email me back as soon as he finds out.

Also, Dr. Fowler, I have already discussed the banner arrangements with you. I am going to wait until the end of September before I order the banner.

I have also spoken with Danna. We have all of the corporate sponsor information under control.

I think this is all. Have a good weekend!

Brian - I just got your email about the 5:00pm meeting. I have been working my "tail" off trying to get things ready for an auction Monday (tomorrow) of most of my household goods. He didn't finish packing things up at my house until 7:30pm tonight.

I really wanted to attend and find out how all of the chairs are doing, i.e., get status reports.

Next Sunday I have to be in Topeka for church services when the choir is going to be singing once in the morning, once in the late afternoon, and once in the nighttime.

Maybe just you and I can meet Friday afternoon to go over things. We only have about three weeks to do any meaningful preparations.

Dr. Fowler

Steve - I didn't get the word about the meeting being at 5:00pm, so I am just now responding to your email.

I would like to see the sample bent keychain. We probably only need 450 of them, but depending on cost, 500 may be okay.

If we have to rent the TV/VCR's, the Nat. Hdqtrs. should pay for them. Talk to Roger Hawks, Nat. Hdqtrs., about that.

Wollensak's are vintage audio-visual equipment. Maybe Continuing Education could help you find one. There also might be an Audio-Visual office associated with KSU Facilities.

Brian, who was taking care of the Saturday Luncheon food???

Dr. Fowler
